1. Competition Information

1.1 Purpose of event

The District SuperChamps events are played to identify the strongest club in the respective district for each grade.

The National SuperChamps events are played to identify the strongest club from each district for each grade.

1.2 Team composition

Teams are composed of five players, of the same sex, from the same club, who are of the same or a lower grade (B, C, D, E and F/J).

At the District SuperChamps clubs in a single district play off to find the District Champion in each grade. The District Champion is then eligible to travel to the National SuperChamps finals to play off for the national title representing their club and their district.

2. Eligibility

2.1 Club Eligibility

Any Squash NZ Member Club can compete in the SuperChamps District and National competitions.

2.2 Player Eligibility

To represent a club all competing players (men and women) in any one team must fulfil the following criteria - homegrown player(s) permitted to teams as per the criteria below.

2.2.1 Club Players:

- a) Be a full financial member of that club prior to the 14th June
- b) Be on that club's grading list on 14th June (NB: this means any transfers need to be effected on 13th June or earlier – contact your District for deadlines); and
- c) Live in the same district as that club;
 - i) A player that lives in multiple districts concurrently, and therefore meets the eligibility criteria for multiple clubs, may decide which of these clubs he/she plays for. They must appear on the 14th June Grading List for the club they wish to play for.
 - ii) NZ Players returning from overseas to take part in the competition must have been active club members for the club they wish to represent prior to departure overseas and must fulfil all other eligibility criteria i.e. full financial membership and appearing on clubs grading list.
- d) Play interclub for that club (or not play interclub for another club).
 - i) Where a woman entering SuperChamps plays men's interclub, her men's interclub allegiance will not be taken into consideration for eligibility and vice versa

2.2.2 Homegrown Players

- a) To support clubs who invest significant time and resources into the development of juniors or other players; players may continue to play for the club they were a member of as a junior after moving away from that district for study/work opportunities.

b) As soon as a player plays Superchamps for a different club, this rule will no longer apply to them. This rule may be waived where a player has not had the opportunity to play for their club due to a team not being entered from their club. Where a player competes for another club in the same year where their club has entered a team this will remove their ability to apply the homegrown player rule

2.2.3 Grading eligibility

a) Squash New Zealand will run a grading list as at 14th June. Each district will be emailed their respective grading list for checking player eligibility and grading.

b) To appear on the 14th June grading list for a particular club, players will need to have been moved to that club **NO LATER THAN** 13th June.

N.B. District transfer deadlines take precedence over National Transfer deadlines.

c) Squash New Zealand reserves the right to alter grade eligibility and seedings should there be evidence of withholding or manipulating results. Squash NZ and/or the District reserve the right to request evidence of player eligibility if there is a suspicion of team 'stacking' contrary to Rule 2.2 Only results from club tournaments, district events or sanctioned club grading events will be considered for grading purposes. Where there is evidence of individual results being entered to manipulate the grading list those results will be deleted.

2.2.4 - Dispensations

Squash New Zealand and the Districts reserve the right to apply dispensations to individual players in respect of rule 2.2.

Please note: In cases where club transfers are involved, approval from a player's home club must be obtained.

2.3 – Referee Exam

a) All players will be required to have passed the Club Referee qualification (available on the Squash New Zealand website). The qualification is valid for two seasons e.g. if you sat the test in 2017 the exam will have expired by 2019. Squash New Zealand will verify that all players in teams representing their district have gained this qualification. Any matches played at SuperChamps National Finals by players that have not passed this test by the Monday prior to the event i.e. **Monday 23rd September** will count as 3/0 losses for their team, with grading points lost.

b) It is the responsibility of the player to ensure this test is completed with enough time for results to be collated.

*Districts are encouraged to impose the refereeing rule for their district SuperChamps.

The Disputes Committee will have the final say on whether the illness/injury/personal business justifies a replacement being permitted.

- c) Replacements may only be from other nominated team members or reserves. The team playing order may need to be resubmitted to satisfy section 4.

- d) When a team has to default a match within any one tie of the competition, and is unable to field a replacement player, the default will apply to the No. 5 position with all other players moving up to play the matches from 1 to 4.

Matches played by replacements from outside of the nominated team members will count as automatic losses for the team, although may count for personal grading points if both players agree.

6.9 Replacement Players – After commencement of tie

- a) After the commencement of any one tie of the competition, replacements for that tie are not permitted.

- b) If the tie has already commenced and players cannot move up to play the matches from 1 to 4, the default will apply to the position the defaulted player was named in 6.7, with all players remaining in their named positions. This match counts as an automatic loss of points for the player defaulted and a 3/0 loss for the defaulting player.

a) For grades C and below each individual match (both in District Eliminations and National Finals) shall be the best of five games with PAR to 15 (must win by 2).

6.11 Tie Rules

a) Players must be on court ready to warm up no more than ten minutes following the conclusion of the previous match, or the anointed start time of the tie. Failure to do this will result in the match being defaulted if a complaint is made to the Disputes Committee by the opposing team.

b) In pool play, each team will play the other teams in their pool once with each tie consisting of five matches - with team members playing their correspondingly ranked member of the opposing team once.

c) All matches in pool play must be played.

d) The final playoff round shall consist of the top placed team in each pool playing one another, the second placed teams playing one another etc. In the case where an outright winner is found before all matches have been completed teams can opt to not complete the remaining matches. Matches will only be played where there is agreement from both players.

6.12 Winning Ties/Countbacks

Each tie shall consist of five matches and the team winning the most matches shall win the tie.

When teams play one another in a Pool, the final order of merit in that Pool is decided based on all results in that Pool, as follows:

- a) First by greater number of Ties won;
- b) If two teams have won the same number of ties then by the result between those two teams.
- c) If three or more teams have won the same number of Ties, then teams will be ordered based upon the number of matches won in the ties between those three teams only;
- d) If two teams are still equal i.e. have won the same number of ties and matches, then by the result between those two teams.
- e) If three or more teams still equal i.e. have won the same number of ties and matches, then by greater positive difference between games won and lost in ties between those three teams;
